NEW!
AVAILABLE SUMMER 2018

SMART LIGHTING CONTROLLER

Welcome to the world of Instant colour, where Aqua-Quip's spectacular underwater lighting effects are controlled at your fingertips.

- Intuitive touch-screen wireless handset allows you to instantly select colours for your pool, spa or water feature.
- The wireless handset is robust and water-resistant – whilst retaining a slick and stylish appearance.
- Control two lighting zones independently, with a wireless handset that has extended range.
- Choose from 7 fixed colours and 6 colour shows, or choose and save your own fixed colour.
- No need to replace your existing cables and transformers.
- Enables lights to be dimmed.
- Simple to install, plug and play.

Aqua-Quip Multi-Colour LED Pool Lights

Evo2 – *Niche Light for Concrete Pools*

EvoMAX –
Niche Light for Concrete Pools

EvoFG –
Compact Niche Light for Fibreglass and Vinyl Pools

QC Series –
Surface Mounted LED

Controller Compatible

Aqua-Quip LED Pool Lights can be supplied to be operated from the lighting controllers below:

- **Aqua-Quip** InstaTouch
- **Astral** Viron Connect 10
  Connect Lite and Connect Lite+
- **Pentair** Intellitouch and EasyTouch
- **Hayward** OmniLogic
- **Zodiac** AquaLink (available through Zodiac)

EVO2 LED UNDERWATER POOL LIGHTS

Australian Made

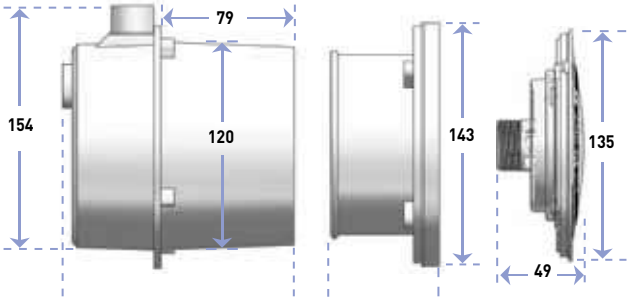
Scan the QR Code on your smartphone to download a colour brochure.

Evo2 LED is a modern, compact light with Quick Connect Cable which allows cable and plug kit to be wound up inside the housing whilst the pool is being built.

Evo2 LED Pool Light can be stored in a safe location and only needs to be connected to the cable and plug kit when the pool is ready to be filled. Simply push the plug kit onto the rear of the light and tighten the nut by hand.

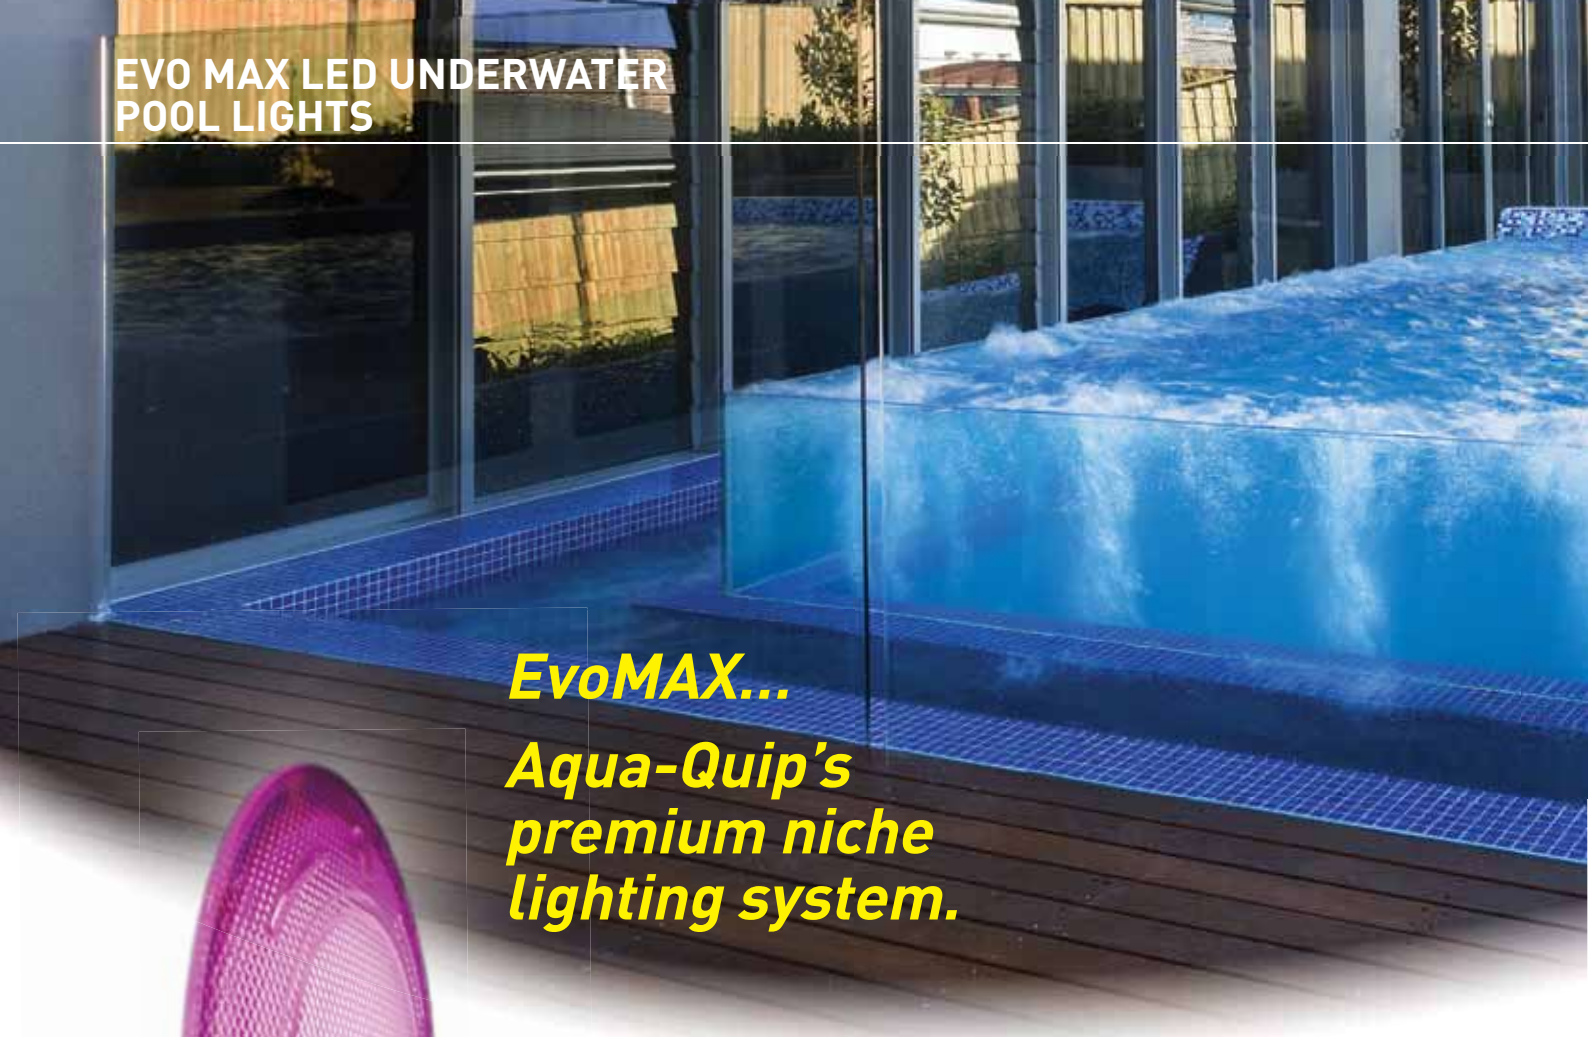
The elegance of Evo2 can be enhanced with the addition of the optional Stainless Steel Trim Ring Kit.

Aqua-Quip Evo2 LED Pool Light – *Dimensions*



Aqua-Quip Evo2 – *Niche Light*					
Suitable for:	New Concrete Pools, Spas, Water Features, Catch Tanks				
Stainless Steel Option:	Yes, P/N: ASS 056				
Cable Lengths:	20m, 30m, 40m				
Cable Gauge:	0.75mm², 2 core				
Detachable Cable:	Yes, Plug Kit is factory fitted to supply cable				
Operating Voltage:	12v AC				
Rating:	IPX8				
Voltage Tolerance:	+20%, -20%				
Fault Protection:	Thermal cutout. Voltage transient clamping				
	Multi-Colour	**Blue**	**White**	**Warm White**	**Green**
Power Consumption:	16 VA Max	8 VA	8 VA	8 VA	8 VA
Light Colour:	Various	475 nm	>5000K	3000K	525 nm
Light Output (typical):	Various	180 lm	550 lm	550 lm	500 lm

EVO MAX LED UNDERWATER POOL LIGHTS



EvoMAX...

Aqua-Quip's premium niche lighting system.

EvoMAX LED Underwater Pool Light

- Offers maximum illumination whilst preserving a flush profile.
- Stainless Steel Dress Ring available.
- Super bright, energy efficient, long life.
- The innovative Quick Connect Plug Kit is supplied fitted to the cable – allowing the cable to be detached from the pool light, simplifying the installation process.
- Available in fixed colours of white, blue or green as well as the multi-colour option which includes the integrated Colour Selection Palette allowing the user to choose from an infinite variety of fixed colours and programming modes.

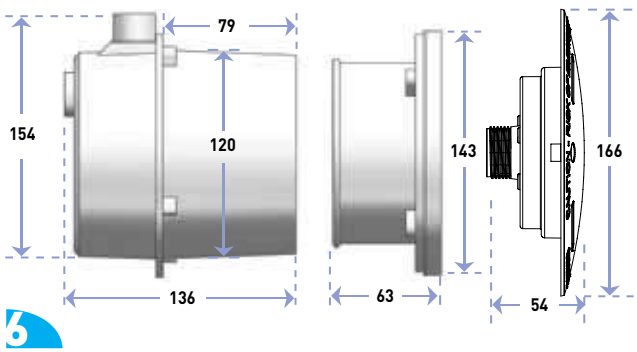
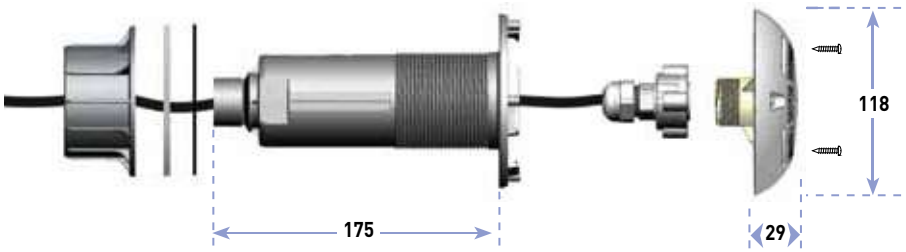
Aqua-Quip EvoMAX LED Pool Light – *Dimensions*



Aqua-Quip EvoMAX – *Niche Light*					
Suitable for:	New Concrete Pools, Spas, Water Features, Catch Tanks				
Stainless Steel Option:	Yes, P/N: MXA 056				
Cable Lengths:	20m, 30m, 40m				
Cable Gauge:	0.75mm², 2 core				
Detachable Cable:	Yes, Plug Kit is factory fitted to supply cable				
Operating Voltage:	12v AC				
Rating:	IPX8				
Voltage Tolerance:	+20%, -20%				
Fault Protection:	Thermal cutout. Voltage transient clamping				
	Multi-Colour	**Blue**	**White**	**Warm White**	**Green**
Power Consumption:	30 VA Max	25 VA	25 VA	25 VA	25 VA
Light Colour:	Various	475 nm	>5000K	3000K	525 nm
Light Output (typical):	Various	300 lm	985 lm	985 lm	595 lm

EvoFG LED Pool Lights

- Suits fibreglass and above-ground vinyl pools.
- Simple to install – fits through a 60mm hole.
- Low profile, compact niche light, supplied with 20m cable.
- 1.2 metres of cable is factory fitted into the niche, allowing the light to be installed below ledges for maximum pool illumination.
- Super bright, energy efficient, long life.
- Available in fixed colours of white, blue or green as well as the multi-colour option which includes the integrated Colour Selection Palette allowing the user to choose from an infinite variety of fixed colours and programming modes.



EvoFG fits through a 60mm hole in the pool wall.

Australian Made

Aqua-Quip EvoFG – *Niche Light*					
Suitable for:	New Fibreglass and A/G Vinyl Pools				
Stainless Steel Option:	No				
Cable Lengths:	20m, 30m				
Cable Gauge:	0.5mm², 2 core				
Detachable Cable:	Yes, Plug Kit is factory fitted to supply cable				
Operating Voltage:	12v AC				
Rating:	IPX8				
Voltage Tolerance:	+20%, -20%				
Fault Protection:	Thermal cutout. Voltage transient clamping				
	Multi-Colour	**Blue**	**White**	**Warm White**	**Green**
Power Consumption:	16 VA Max	8 VA	8 VA	8 VA	8 VA
Light Colour:	Various	475 nm	>5000K	3000K	525 nm
Light Output (typical):	Various	180 lm	550 lm	550 lm	500 lm

QC SERIES LED SURFACE MOUNTED LIGHTS FOR NEW POOLS

Aqua-Quip's QC Series Surface Mounted Lights are ideal for both new and existing concrete pools.

QC Series LEDs are energy efficient, drawing only 15% of the power requirement of older style halogen lights. QC LED lights incorporate the latest generation LED technology and thermal management system to ensure maximum light output and reliability. QC LED lights are significantly brighter than older 100w halogen systems.

Each QC Series Light is able to be operated from a supply voltage ranging from 12 Volt AC through to 32 Volt AC, thereby utilising the existing transformer.

For new pool construction, choose a 12v transformer from page 14.

Australian Made

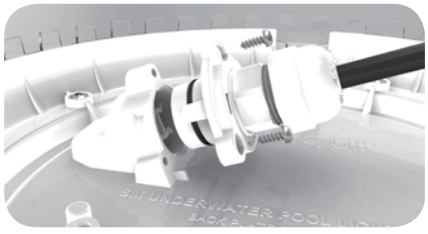
Aqua-Quip QC Series – *Surface Mounted*					
Suitable for:	New and existing Concrete Pools				
Stainless Steel Option:	No				
Cable Lengths:	20m, 30m, 40m	**For Retro-Fit QC Lights:**			
Cable Gauge:	0.75mm², 2 core	No cable supplied			
Detachable Cable:	Yes, Plug Kit is factory fitted to supply cable	The included plug kit is to be connected to the existing cable			
Operating Voltage:	Variable Voltage: 12v AC ~ 32v AC				
Rating:	IPX8				
Voltage Tolerance:	+20%, -20%				
Fault Protection:	Thermal cutout. Voltage transient clamping				
	Multi-Colour	**Blue**	**White**	**Warm White**	**Green**
Power Consumption:	22 VA Max	16 VA	16 VA	16 VA	16 VA
Light Colour:	Various	475 nm	>5000K	3000K	525 nm
Light Output (typical):	Various	300 lm	1050 lm	1050 lm	650 lm

The QC LED Surface Mounted Retro Fit Light replaces all other brands of lights in concrete pools and a range of popular brands in fibreglass pools. It is supplied with a Universal Mounting Bracket and the unique waterproof Quick Connect Plug Kit that attaches to the existing circular-profile cable.



Step 1. Fit the plug kit to the existing cable.

Step 2. Push into rear of light and tighten screws.

NEW! *Metallic-look dress ring.*

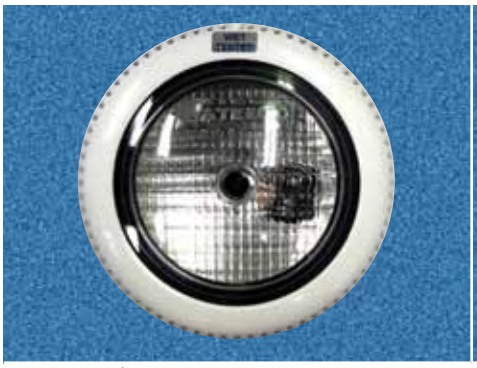
Product Identification Guide

Aqua-Quip QC Retro-Fit Lights replace the following brands of Surface Mounted Lights:

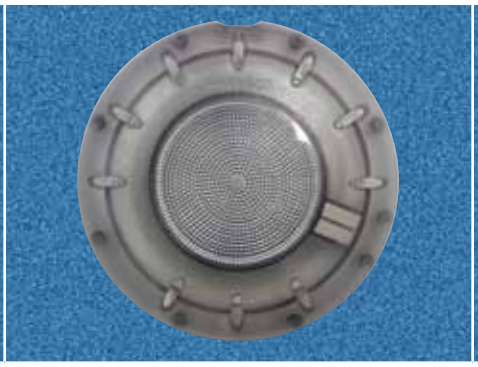
Stroud C150 Diameter 210mm

Poolrite Diameter 232mm

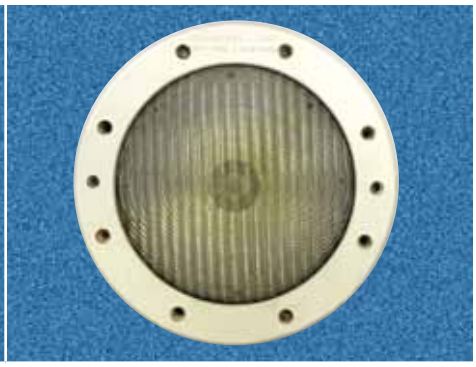
Varimode Diameter 211mm



Waterco Diameter 220mm



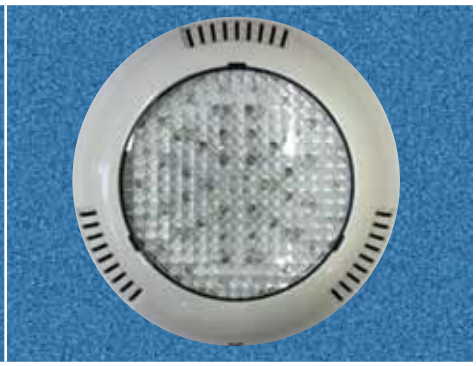
Waterco Britestream Diameter 220mm



Swimworld Diameter 250mm

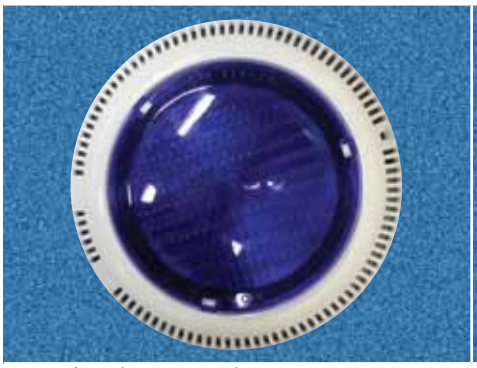
Stroud SM400 Diameter 250mm*

Filtrite Diameter 250mm*

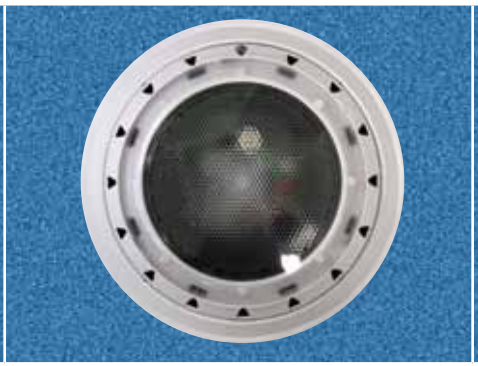


Sunline/Rivendale Diameter 230mm

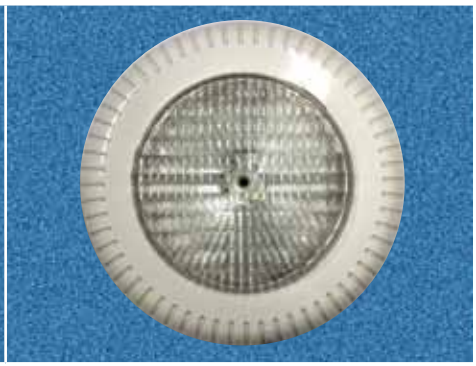
*APL075 Locating Bar Kit required



Spa Electrics SE3M Diameter 235mm



Spa Electrics Diameter 200mm



Autumn Solar Slim 180 Diameter 220mm

Emaux E-Lumen Diameter 261mm

Magic Pool Products Diameter 236mm

Aqua-Quip Halogen Diameter 230mm

RETRO-FIT LED POOL LIGHTS – EVO SERIES NICHE LIGHTS

Aqua-Quip Evo Series LED Pool Lights (Evo2, EvoFG and EvoMAX) in conjunction with varying adaptor plates allow replacement of the following brands of niche/recessed pool lights:

Each Aqua-Quip light is available in a choice of fixed colours of blue, white and green or multi-colour.

TRANSFORMERS

	CODE	DESCRIPTION
NEW	APL 511N	12 VOLT – 1 x 30VA OUTPUT – PLUG IN
NEW	APL 512N	12 VOLT – 2 x 30VA OUTPUTS – PLUG IN
NEW	APL 514N	12 VOLT – 4 x 30VA OUTPUTS – PLUG IN

Aqua-Quip plug-in transformers deliver a safe extra low voltage 12V supply to operate Aqua-Quip's range of LED Pool Lights.

To comply with AS/NZS 3000:2007 Clause 6.3.4.5, for new pool construction, each underwater light must be supplied from an individual isolation transformer or an individual winding on an isolation transformer.

To comply with this legislation and to facilitate the simple installation of multiple LED pool lights, Aqua-Quip supplies transformers with either 1, 2 or 4 individual windings.

APL 511N runs one Aqua-Quip LED light.

APL 512N runs up to two Aqua-Quip LED lights.

APL 514N runs up to four Aqua-Quip LED lights.

New to the USA market, the Vivid 360 Replacement Pool Light fits into a variety of standard swimming pool niches. Designed and made in Australia by Aqua-Quip.

The unique patented Plug Kit allows for simple connection to the pool light – making installation effortless.

The brightness and colour-blending is unsurpassed and allows the state-of-the-art LED array to operate efficiently and reliably.

Vivid 360 Replacement Pool Light can be connected to a variety of controllers, and safety is ensured due to its UL Listing.

For a guaranteed spotless pool...

Jet-Vac... the finest pool cleaner in the world is now made in Australia.

The huge 115mm throat picks up twigs, large leaves, dirt, even golf balls and goggles!

Large capacity bag compacts up to 3.5 litres of rubbish.

Now available in graphite.

NEW

Now available in graphite.

Jet-Vac features forward and reverse cycles to ensure complete pool coverage on any surface without getting stuck in corners. Propulsion and cleaning is achieved purely by jets of water. Wheels are free spinning and are not connected to turbines, drive belts or gears. Jet-Vac requires a dedicated plumbing line and is powered by the AquaBoost Booster Pump.

JET-VAC POOL CLEANERS

Australian Made

JET-VAC® AUTOMATIC POOL CLEANERS

Saltmate Saltwater Chlorinators are designed to save the pool owner money, time and effort while setting new standards in terms of materials, quality and functionality.

Constructed with a solid plate cell design, water resistant case and robust power supply to ensure economical and trouble free pool sanitisation.

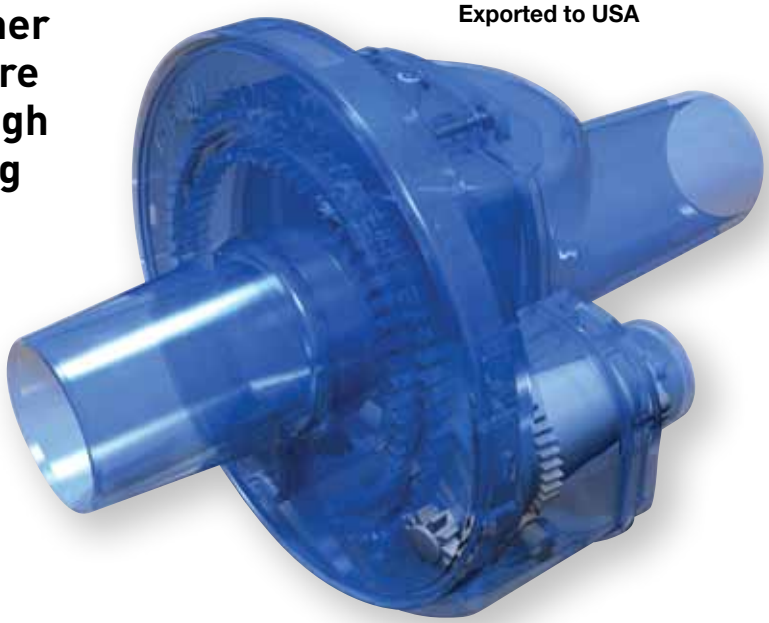
Australian Made

Twister – power steering for suction pool cleaners.

Australian Made

Exported to USA

Twister continually rotates the direction of the hose – effectively steering your suction pool cleaner out of awkward corners to ensure a constantly random and thorough cleaning pattern, without getting stuck in corners.



Problem: many suction pool cleaners get stuck in corners, others constantly follow a repetitive pattern around the pool. Either way, you end up with a dirty pool.

Solution: Simply install a Twister. Twister continually changes the direction of the hose – power steering your pool cleaner out of awkward corners to ensure a constantly random and thorough cleaning pattern.

- ***Steers suction pool cleaners out of corners.***
- ***Promotes random and thorough pool cleaning.***
- ***Simple to install, fits to existing pool hose.***

twister®

The Aqua-Quip Flow Control Pro Series Timer eliminates the possibility of the booster pump running dry of water as a result of incorrect synchronisation with the pool pump.

- **Reduces wear and tear on the pool cleaner and saves expensive pump repairs.**
- **Saves power consumption by limiting the operating hours of the booster pump.**

The Aqua-Quip Flow Control Pro Series Timer can be used for a variety of applications where water flow is required to switch on an auxiliary electrical device.

The Aqua-Quip Flow Control Pro Series Timer with its integrated flow switch is significantly more reliable and much simpler than installing two separate time clocks.

Flow Control Timer Box is plugged into a constant 240v power point.
Booster Pump plugs into the Flow Control Timer Box to ensure that it only operates whilst the pool pump is running.

New setting allows the user to set run times to synchronise with variable speed pumps.

Aqua-Quip's 2 year warranty provides the user ultimate peace of mind.

Australian Made

Aqua-Quip Booster Pump

- ***proven, reliable performance***
- ***runs all pressure pool cleaners***

Compact and simple to install, Aqua-Quip's Booster Pump operates quietly and is the perfect partner for the Jet-Vac Automatic Pool Cleaner.

Robust design ensures a long life with minimal maintenance.

Supplied with the option of Flexible Plumbing Kit or PVC Barrel Unions.
